AUTHENEX v. EMC CORP

2

Appeal from the United States District Court for the Central District of California in case no. 10-CV-1251, Senior Judge Mariana R. Pfaelzer.

Before NEWMAN, SCHALL, and DYK, *Circuit Judges*.

PER CURIAM.

ORDER

Authenex, Inc. responds to this court's order directing it to show cause why its appeal in 2011-1264 should not be dismissed as premature.

Appeal 2011-1264 was filed after the district court granted summary judgment of noninfringement but before the district court entered a final judgment or ruled on pending counterclaims of noninfringement and invalidity. Authenex states that the district court recently filed a final judgment resolving all claims in the case and Authenex filed another appeal, 2011-1398, seeking review of the final judgment.

Accordingly,

IT IS ORDERED THAT:

- (1) Appeal 2011-1264 is dismissed as premature.
- (2) Authenex's opening brief in 2011-1398 is due within 30 days of the date of filing of this order.
